Reopening of Community Participation Supports

Dear Families and Participants,

We recognize the challenges that you and your families have faced with program closures and related COVID public health restrictions over the past two years. It has been a difficult time.

The Reopening Committee has worked very hard over the past month and we are so very excited to announce the reopening of our Day supports **effective April 4, 2022**.

Based on the Provincial Guidelines and Public Health guidance, we will open programs using cohorts. You will receive a second letter from your Day Program location with detailed reopening plans.

Important to note, is that if guidance from the province or Public Health changes, these changes may impact our plans.

We are so very happy to return to some sense of normalcy and routine and we cannot wait to welcome each Participant back.

If you have any questions after reviewing the reopening package, please connect with your program staff or myself.

Kind Regards,

Cathy Johnston,
Director of Operations, Community Programs and Services
